

# OUR JOY

C. Joy salon, in Redmond, is a high-end experience based boutique, spa, and salon specializing in women's beauty.

This Fall, the C. Joy clients and staff are excited about "Beauty For Women in Positive Transition", a new program helping local women who are in a positive transition feel confident, cherished and beautiful.

With sponsorships from our clients, we are able to offer complimentary haircuts and hair color to women who are recommended by a staff member of the organizations we have partnered with.

We believe women were created beautifully. Feeling beautiful stirs an inner confidence that is both inspiring and motivating. C. Joy Salon clients and staff believe the sparkle of peace and confidence that shines from one's spirit should be shared. This program represents our journey as a salon to help hurt and lonely women find joy in themselves.

Currently we are receiving recommendations from the following organizations:

- Friends of Youth, Redmond
- YWCA, Redmond
- City Ministries, Kirkland

See our website for more details.

GIVING AN INNER SPARKLE

# QUALIFYING

**This Fall, C. Joy Salon is excited to launch a new program called "Beauty For Women in Positive Transition".**

We desire to encourage and inspire those in our community who need it the most. Women who qualify for our program will be coming out of sex trafficking, domestic violence, and other devaluing situations. We are committed to not only qualifying women who are in dire situations but, have shown that they are reaching for a positive change.
